FUNERAL SERVICES

The death of a loved one is a difficult and emotional time. There is often a lot to organise and it can be hard to know where to start. We take the time to understand your needs and wishes and we guide you through the whole process.

We've been helping families to arrange tailored, personal funerals for their loved ones for over 60 years. As independent funeral directors, we focus on making each funeral special and specific to each client. We start the journey with you and continue throughout the planning process, guiding you and providing all of the information that you need to make decisions. We're there when you need us: 24 hours a day, seven days a week. We can organise every element of the funeral, from the announcements, transportation and ceremony to the arrangement of obituaries and memorials.

And, of course, we're there on the day, bringing everything together and ensuring that the whole day goes to plan.
